FEATURED PRACTICE

ARTLORE

Child-centred therapeutic art studio

Founded and facilitate an after-school therapeutic arts practice supporting children through 1:1 sessions, emotionally responsive art experiences and seasonal camps designed around process-led creative exploration.

Neurodivergent children · Emotional regulation · Sensory exploration · Confidence-building · Creative identity · 20–30 active children

Practice Areas

Therapeutic Arts Practice · Neurodiversity & Inclusive Learning · Art-Based Emotional Regulation · Experiential & Outdoor Learning · Community Facilitation · Child-Centred Curriculum Design · Public Arts Programming · IEP & ILP Support · Play-Based Learning Environments · Trauma-Informed Creative Practice

Selected Experience

SPOT Microschool / Insighte | *Art Teacher & Studio Founder* | 2025 – Present

Integrate therapeutic art practices into personalised learning pathways for neurodiverse and gifted adolescents. Design emotionally responsive, project-based art experiences supporting self-expression, confidence and sensory engagement. Collaborate with multidisciplinary teams and special educators to align studio work with IEP goals.

Kalvi, Auroville | *Assistant Educator — Play With Meaning* | 2024

Co-developed thematic curriculum units exploring emotional safety, self-awareness and community belonging.
Facilitated outdoor experiential learning translating social-emotional concepts into embodied, play-based experiences.

Love Hope Company | *Head of EITA — Emotional Intelligence Through Arts* | 2023 – 2024

Led therapeutic arts programmes supporting emotional intelligence and holistic child development. Conducted community workshops for children and adults using art as a tool for expression, reflection and emotional processing.

Selected Public Programmes

Kochi–Muziris Biennale

Facilitated a 3-day open public therapeutic arts programme in collaboration with a mental health NGO, engaging participants across ages and backgrounds.

Museum of Art and Photography (MAP), Bengaluru

Designed and facilitated art therapy workshops for children through MAP's public programming initiatives.

Youthlink, Auroville

Conducted nature-based therapeutic arts programmes for adolescents and young adults through outdoor experiential learning.
